C. WHITAKER,

Beaver, Okla.

E. Martz and wife, of Rockford, Ohio, are visiting on the Missouri Flats at Floris, with their daughter, Mrs. J. W. Roup. They have been here for some little time but expect to return soon to their home. They were very favorably impressed with this country and think of returning here to remain permanently, in the near future.

Warren Zimmerman, at the present time associated with Harry Gilstrap in the publication of the Chandler News, has purchased an interest in the Guyton Herald and will assume his share of the responsibilities in about a month. Mr. Zimmerman may count himself lucky in being associated with Dick Quinn, one of the most successful editors in Oklahoma and in becoming joint owner of the Herald, the best paying sheet in the county. Here's the glad

Mr. Zimmerman.

Al Dickson, who returned last week from a trip to Guthrie, in speaking of affairs at the Capital reported everything pushing. Al is a Democrat, so of course reported the Convention tip-top. He said he only saw two Republicans while in Guthrie and one of them was a "nigger." We suggested that he probably fell in with the wrong bunch and didn't associate with the class where Republicans are always found. He silently kept still and said nothing thus agreeing with us for silence gives consent. At any rate he didn't deny the allegation and defy the alligator.

J. W. McCool was up from Riverside the latter part of the week and paid this office an extended call. Mr. McCool is one of those staunch, loyal Republicans with whom it is a pleasure to talk. In talking over the political situation for the coming new state he expressed the opinion that success is certain for the Grand Old Party if they will follow the plan they have mapped out and everyone work for the best interests of that party and forget selfish ends. Mr. McCool has been a resident of the county for a number of years and has always been heard from when there was a political campaign on hand.

Miss Ella Baker, superintendent of schools of Beaver county, stopped off here Saturday on her way home from holding an examination at Guyton. She looked up the Advance office and left her announcement as a candidate for the office of superintendent in Texas county. Beaver county seems to be going to lose some of her best citizens—Hooker Advance.

"Is true a few of our best people are going to cast their lot with Texas county but they do so because of business interests there, in most instances. What under the sun, else could anyone ever be persuaded to leave old Beaver for. There's no place like home. We are proud that our county was honored by being allowed to retain the name "Beaver."

Attention, Republicans!

A meeting of the Republicans of Benton voting precinct is hereby called for February 12th, at 2 o'clock p. m., to be held at the Riverside school house, for the purpose of organizing a Republican Club. Good speaking appropriate to the day, will be had and a rousing, enthusiastic meeting is anticipated. Let every Republican in the precinct attend and help to fittingly commemorate the birth of Lincoln—the martyred and first Republican president—and help to hoist the unsapped banner of Republicanism over the new state of Oklahoma.

J. W. McCool, Committeeman.

Republican Meeting.

The Republicans of Beaver voting precinct are hereby called to meet in Beaver, at the Court House, at 2 o'clock in the afternoon of February 12th, for the purpose of organizing a Republican Club. Good speakers will address the meeting. Lay aside your work in the afternoon and, in the proper spirit, help celebrate the birth of the immortal Lincoln, by proper organization for the success of Republicanism in the new state of Oklahoma.

J. R. QUINN, Committeeman.

Dr. Fahnestock Coming.

Mr. S. B. Weir, of Oberlin, Kansas, knowing a good many in Beaver county suffering with piles, wishes them to be cured as he was and has persuaded Dr. Fahnestock, a specialist, to visit Beaver for that purpose. The Doctor cures piles, fistulas, fissures, ulcers of the rectum, without the knife, burning caustics, or ligature. Dr. Fahnestock will be in Beaver, February 25th for a week or two.

J. R. GREGG, Meade, Kansas.

Mrs. Amos Hibbs No Better.

We regret to report that the condition of Mrs. Amos Hibbs is somewhat worse than that of last week. She is in a very precarious condition and the gravest fears are entertained for her recovery. It is the earnest wish of all that a change for the better may yet take place. Her children have all been summoned to her bedside. As the patient is unable to see anyone, visitors are kindly requested not to call. The family appreciate their kindness but the Doctors have ordered that no one be allowed in the sick room.

A Change in The Weather.

Quite a change in the weather has taken place since last week's issue of the HERALD. The change came Friday night at 12 o'clock with a high wind from the north. Since that time the weather has been cold and frosty. Some predict Sunday and Monday the coldest days of winter. We didn't learn what the thermometer registered but it was cold enough to freeze the ears of a brass monkey. At this time, the signs are favorable for fairer weather.

CLEAR LAKE

Weather has been so disagreeable lately that news is scarce.

Born to Mr. and Mrs. Arthur Boileau, a daughter, Jan. 28th.

Mr. Waugh of Chardon County, Missouri, father of our neighbor Miss Jennie Waugh, is here on a visit and to view the country.

Sam Bates and family, who have been in Kansas for some time, returned to their claim Saturday.

According to the late ruling of the Interior Department, claim holders will have to stay close to home after this.

My! Aren't our Democratic brethren playing smash at Guthrie. Wonder what the end will be—an O?

The entertainment and dance at the new store of Fred C. Caley was a grand success although the night was very cold.

The dugout on Mr. Bates' claim caved in during their absence and destroyed some of their furniture.

J. W. Smith, who purchased the T. E. Barr ranch, came in Friday to take possession.

R. G. Dunlop, administrator of the Honeywell estate, had the property appraised Saturday.

R. C. Phillips is digging a well on his claim.

W. O. Woods moved to his claim the first of the week.

The Masons and Odd Fellows met at the Caley store and took action to raise funds to build a Hall over the School house for lodge purposes.

The settlers around the new town of Caley are circulating a petition to get a post office established there and will also try to get a route from Logan via Caley and Clear Lake to Beaver which would be a very convenient route to have.

The donation party given the Rev. Brink was not as well attended as expected owing to the cold day yet the family received quite an assortment of the necessities of life.

Ego.

ESTHER.

Everybody over here on the Flats is certainly glad to see old Sol again. A week's time in Oklahoma in cloudiness and just real downright mean weather is unusual and hard on us.

Mr. Dave Mackey accidentally let a hatchet fall on his limb cutting a gash just below the knee. Dr. Makemson dressed the wound which is expected to heal soon.

Mrs. A. H. Humiston has been under the weather the past few days but is somewhat better at this writing.

Mr. Montgomery is building quite a neat frame house on his farm; the same is located at a point about a quarter of a mile closer to the post office than the old residence.

Your correspondent is short of items this week; not much doing on account of inclement weather.

FLORETTA.

Masquerade Ball.

There will be a Masquerade Ball at the K. of P. Hall on Friday night, February 22d, 1907. Everybody invited.

ED HANSON,

Former Resident Dead.

It becomes our sad duty again this week to chronicle the visitation of the Death Angel in the home of J. W. Hornbaker, a former resident of Beaver county but now of Newton, Kansas, by which that home was robbed of a loving wife and fond mother. The deceased was a sister of Mrs. Charlie McCune. Mrs. McCune has many friends and neighbors who will join us in sympathy for her in her grief. Mrs. McCune had just recently returned from a visit to her sister and had hopes for her recovery. The Newton Kansan-Republican contains the following in regard to the death and funeral:

Mrs. Gertrude George-Hornbaker, wife of Mr. Will Hornbaker, died at the family home yesterday (January 27 1907) morning at 7:30. She leaves a husband and three small children to mourn her. Mrs. Hornbaker was 36 years old. She has been ill for a long time and death had not been unexpected for more than a week. The funeral services will be held in the Christian church Tuesday afternoon at 2:30 and will be conducted by Rev. C. A. Finch, of Topeka, who will be assisted by the pastor, Rev. McGill. Interment will be made in the Newton cemetery.

The Christian church was crowded to the utmost yesterday afternoon with the relatives and many friends who came to pay their last tribute of respect to Mrs. Gertrude Hornbaker. The funeral services were conducted by Rev. Finch, of Topeka, a personal friend of the family, and he was assisted by Rev. McGill, pastor of the church. Rev. Finch preached a beautiful sermon and paid a high tribute to Mrs. Hornbaker, the good life she had always lived, a loving wife, devoted mother and true friend. The remains were laid to rest in the Newton cemetery.

An Atrocious Crime.

Word comes from Guyton of the committal of one of the most inhuman crimes that has ever been brought home to the people of Beaver county. Last week Frank Nattiford was charged with assault and battery on his little three-year-old son. The little child was found out in the back yard near his home the next morning almost frozen and with his eyes swollen and black. The mother of the child died last August and since that time two of her children were sent to a Kansas orphan home on account of Nattiford's inhuman treatment. In writing of the affair in the Guyton Herald, Dick Quinn recommends that the brutal father be tied to a telephone pole and whipped with a wet rope till he broke loose. Yes, or tied over an ant bed and stung to death by red ants.

County Republican Call.

Beaver, Okla., Jan., 29th.

Pursuant to the call of the Republican State Executive Committee, the Republicans of every precinct in Beaver county, are requested to meet at their usual voting places, at the hour of 2 o'clock in the afternoon, February 12th, and to effect an organization according to the call of the State Executive Committee. The meeting will be called by the precinct committee-man, but in the newly formed precincts in which there is no Committee-man, the Republicans will elect one of their number chairman of said meeting, who will preside over the same until the precinct club is organized.

In addition to reporting the names of members and officers of the Club to the State Committee, the same should be sent to the Secretary of the Beaver County Republican Central Committee. Don't forget to urge all Republicans of your precinct to be present.
